

121 KLEEN ROOM

CONCENTRATE SURFACTANT BASED CLEANER/DEGREASER

121 Kleen Room is a surfactant based cleaner/degreaser designed to chemically emulsify grease, oil, ink and coolants without leaving a residue. 121 Kleen Room is formulated to work with your wastewater processing systems.

- ▶ Removes grease, oils, and tough soils from any surface compatible with water.
- ▶ Does not contain any phosphates, soy, caustics, or chlorinated solvents.
- ▶ Contains no hazardous ingredients and is environmentally responsible.
- ▶ Compatible with microbial bacterial agents.
- ▶ Contains no silicone to interfere with new coatings or paint.
- ▶ Safe to use in both walk behind and riding floor scrubbers.

Application	Dilution <i>Water to 121</i>
